

103D CONGRESS
1ST SESSION

H. R. 257

To establish a Health Care Crisis Policy Commission.

IN THE HOUSE OF REPRESENTATIVES

JANUARY 5, 1993

Mr. NEAL of North Carolina introduced the following bill; which was referred jointly to the Committees on Energy and Commerce and Ways and Means

A BILL

To establish a Health Care Crisis Policy Commission.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Health Care Crisis
5 Policy Commission Act”.

6 **SEC. 2. CONGRESSIONAL FINDINGS.**

7 The Congress finds that—

8 (1) the people of the United States will find it
9 increasingly difficult to pay for their medical care if
10 the cost of such care continues to increase;

11 (2) in 1988, an estimated 37,000,000 individ-
12 uals in the United States lacked health insurance

1 and another 50,000,000 were underinsured, leading
2 to high levels of uncompensated medical care;

3 (3) there exists a tremendous need in the Unit-
4 ed States for access to basic medical care services;

5 (4) as the average age of individuals in the
6 United States increases, there will be a growing de-
7 mand for health care;

8 (5) in 1988, the average cost of a stay of 1 year
9 in a long-term health care facility was \$25,000;

10 (6) adequate long-term health care insurance is
11 unavailable;

12 (7) the medical care system of the Department
13 of Veterans Affairs is not adequate to deal with the
14 health care needs of American veterans;

15 (8) 11 percent of the gross national product of
16 the United States is made up of spending for medi-
17 cal care;

18 (9) medical malpractice tort reform is necessary
19 because the high cost of malpractice insurance in-
20 flates medical costs;

21 (10) there is a shortage of prenatal, infant de-
22 livery, and well-baby care services in the United
23 States even though it has been proven that such
24 services reduce medical costs over the long term;

1 (11) a large percentage of health care expendi-
2 tures are made for extraordinary medical procedures
3 performed near the end of individuals' lives rather
4 than for preventative measures early in their lives;

5 (12) Federal income tax incentives for em-
6 ployer-paid group health insurance need to be im-
7 proved;

8 (13) businesses that offer only self-insured
9 health care coverage for their employees need to
10 have such coverage regulated to guarantee adequate
11 coverage, as such coverage is the fastest growing
12 segment of health care insurance;

13 (14) concern exists regarding the continued sol-
14 vency of the medicare system with physicians becom-
15 ing reluctant to participate because Federal payment
16 rates are too low; and

17 (15) health care in many rural areas is inad-
18 equate and some rural hospitals are closing.

19 **SEC. 3. ESTABLISHMENT.**

20 There is established a commission to be known as the
21 “Health Care Crisis Policy Commission” (in this Act re-
22 ferred to as the “Commission”).

1 **SEC. 4. DUTIES.**

2 The Commission shall conduct a study of the prob-
3 lems of the cost and delivery of medical care in the United
4 States. In conducting the study, the Commission shall—

5 (1) examine the escalating costs of medical care
6 and health care insurance and its effect on the avail-
7 ability of medical care to individuals in the United
8 States;

9 (2) investigate alternatives for providing medi-
10 cal care to individuals who do not have health care
11 insurance or who do not have adequate health care
12 insurance;

13 (3) evaluate how the private sector could most
14 effectively offer adequate health care insurance to all
15 employed individuals in the United States;

16 (4) review the demands that will be placed on
17 the Nation's health care system in the future as the
18 population of the United States ages;

19 (5) examine the costs of long-term institutional
20 and home health care and the affordability and
21 availability of insurance for such care;

22 (6) evaluate the health care delivery system of
23 the Department of Veterans Affairs;

24 (7) investigate reforms that could be made to
25 the medical malpractice liability system and the ef-

1 fect such system has on medical malpractice insur-
2 ance and on the cost of health care;

3 (8) examine the need for prenatal, delivery, and
4 well-baby health care and how such care impacts on
5 the cost of health care in the long term;

6 (9) review the Federal income tax incentives
7 used by businesses for employer-sponsored group
8 health insurance;

9 (10) research the trend of businesses to be self-
10 insured in their health insurance coverage and how
11 such coverage is regulated;

12 (11) examine the delivery of health care in the
13 rural areas of the United States and the reasons for
14 the closing of many of the hospitals in those areas;

15 (12) evaluate the financial stability and effec-
16 tiveness of, and physician reimbursements from, title
17 XVIII of the Social Security Act (42 U.S.C. 1395–
18 1395ccc; commonly known as medicare);

19 (13) investigate financing options and costs for
20 each health care delivery system recommended by
21 the Commission as an alternative to the systems
22 used in the United States as of the date of the en-
23 actment of this Act;

24 (14) investigate systems of organizing and de-
25 livering health care and types of incentives that

1 could be used to improve the efficiency of the provi-
2 sion of health care while improving the quality of
3 care; and

4 (15) investigate other areas relating to the effi-
